

## [Library of the Future | Schematic Design Phase](#)

In November 2018, Spokane voters approved a bond to remodel 4 libraries and build 3 new libraries. Now join us to get a first look at design plans for new libraries.

We are currently in the "Schematic Design Phase" of the Library Bond Projects. Since January, leadership has been meeting regularly with our bond project architecture firms, G4 and Integrus, to identify the programming and schematic design needs for the first five projects.

### **Customer Open Houses**
